TIST Kenya Celebrates 10,000 Plus Small Groups Registered so far.

TIST Kenya is proud to announce that last month, we reached 10,000 mark of Small Groups registered in Kenya. We are glad more farmers are joining TIST. This demonstrates more willingness by Kenyans farmers to join hands and combat challenges of climate change; improve their farms to become more productive; learn and share Best Practices; improve on leadership skills among others.

Today, with 10,000 plus Small Groups registering, we have quantified more than 9 million trees. This is achievement done by more than 71,000 farmers working together in each of the Small Groups.

The number of Clusters so far is 245. This means there are as many locations where farmers meet every month to receive trainings, discuss their own development needs, organize their work, discuss their future, analyse their results and importantly, take greater responsibilities for their lives.

TIST works with Small Groups of subsistence farmers in countries such as **Tanzania, Kenya, Uganda, and India** to reverse the devastating effects of deforestation, drought, and famine. Since 1999, TIST participants have been identifying local sustainable development goals that include tree planting and sustainable agriculture. TIST creates a communication and administrative structure that also addresses health (including HIV/AIDS), education, and nutrition. TIST expects to provide long-term revenue for the Small Group participants through the sale of greenhouse gas credits (GhG).

In summary, as per the date of this publication, TIST Kenya had;

Total Trees: 9,684,574

Total Seedlings: 3,908,904

Number of Groups: 10,025

Number of Group Members: 71,369

Leadership and Governance in your Cluster.

Today, TIST has more than 240 Clusters. In each cluster, Servant Leaders support our success and share their strengths. Each Cluster has governance and leadership as follows:

Elected Cluster Leadership

- Cluster Leader
- Cluster Co-leader
- Cluster Accountability person

Cluster Leaders, Co-leaders, and Accountability person serve in each position for a period of four months. After four months of service, the Cluster leader rotates out. The Co-leader becomes the Leader, while the Accountability person becomes the Co-leader.

Women and men alternate in the elections. If the Accountability Person is a man, the next one elected will be a woman. Your Cluster should democratically elect a new Accountability person. Cluster elections are important and mandatory for all TIST Clusters.

TIST Mobile Website: A New, innovative way to get information about your Small Group and Cluster quickly and easily.

TIST has developed a new website a mobile website. This website will enable thousands of farmers to get information about their own groups and Clusters quickly and easily. It will help us be mutually accountable, transparent, and accurate if we use it well. Now you can get information such as number of trees counted for your group, in each individual grove, the members of your group, whether your group is qualifying for payments and if it has been paid recently.

In regard to your Cluster, you will be able to view the total number of groups in your Cluster (and you can compare with other Clusters), your next Cluster meeting date, the current leaders of your Cluster and when last elections were held.

Steps to login to this mobile website

There are (2) ways you can access this mobile website. If you are a TIST member and you have been assigned a TIST email address, you can login directly using your password. Signing in this way gives you access to more information. If you do not have a TIST email address, you can sign in as a guest. You can access this site from your phone if it has Internet capabilities or from cyber cafes.

TIST Quantifiers/Cluster Servants have been asked to be available in all Clusters meetings to train and support in other activities. They have been asked to provide palms to the Clusters during the Cluster meetings and members can view information about their Small Groups or Clusters or about TIST program right at the Cluster meetings.

Here are the steps:

1. Go to www.tist.org/mobile
2. If you have a TIST email address, log in with your TIST email address and use your password.

3. If you don't have a TIST email address, you can log in as a guest. Put in your name and organization and then tap log in. Organization can be the name of your Small Group.
4. You will be directed to the next page. At the top, you will find Cluster, Groups, groves and Log out.
5. If you want to view your Cluster, tap on Cluster. You will be directed to a page that shows TIST project areas worldwide. Choose and tap an area of your interest (for example, Meru). From here, you will move to the next page where you will find a list of Clusters under Meru (or any other area you chose) with number of groups and trees listed plus the next meeting dates and last election.
6. Tap your Cluster (for example, Ciakanyinga). A new page will open and you will find Small Groups listed by their names, TIST number, Number of trees and last date of quantification.
7. Tap on your Group. (for example, TARADA). This will take you to a new page. You will find details about this group, including payment eligibility and whether the group has met requirements to take part in the carbon market.

TIST Kenya Inaadhimisha Vikundi 10,000 Plus Vilivyoandikwa hadi sasa.

TIST Kenya inashukuru kutangaza mwezi uliopita, tulifikia alama 10,000 za vikundi vidogo vilivyosajiliwa nchini Kenya. Tunafurahi wakulima zaidi wanajiunga na TIST. Hii inaonyesha zaidi nia ya wakulima wa Wakenya kushirikiana na changamoto za mabadiliko ya hali ya hewa; kuboresha mashamba yao kuwa uzalishaji zaidi; kujifunza na kushiriki Mazoezi Bora; kuboresha ujuzi wa uongozi kati ya wengine.

Leo, pamoja na kusajiliwa kwa vikundi vidogo, tumepanda miti zaidi ya milioni 9. Hii ni mafanikio yaliyofanywa na wakulima zaidi ya 71,000 wanaofanya kazi katika kila Vikundi Vidogo.

Idadi ya Clusters hadi sasa ni 245. Hii ina maana kuna maeneo mengi ambapo wakulima wanakutana kila mwezi kupokea mafunzo, kujadili mahitaji yao ya maendeleo, kupanga kazi zao, kujadili maisha yao ya baadaye, kuchambua matokeo yao na muhimu, kuchukua majukumu zaidi kwa wao wenyewe.

TIST inawezesha Vikundi vidogo vya wakulima wanaoishi katika nchi kama vile **Tanzania, Kenya, Uganda, na India** ili kuzuia madhara mabaya ya ukataji miti, ukame na njaa. Tangu mwaka wa 1999, washiriki wa TIST wamebainisha malengo ya maendeleo endelevu ambayo yanajumuisha kupanda miti na kilimo endelevu. TIST inaunda muundo wa mawasiliano na utawala ambao pia unashughulikia afya (ikiwa ni pamoja na HIV and Aids), elimu, na lishe. TIST inatarajia kutoa mapato ya muda mrefu kwa washiriki wadogo kwa njia ya uuzaji wa mikopo ya gesi ya chafu (GhG).

Kwa muhtasari, kulingana na tarehe ya chapisho hili, TIST Kenya ilikuwa;

Miti Yote: 9,684,574

Jumla ya miche: 3,908,904

Idadi ya Vikundi: 10,025

Idadi ya Wanachama wa Kikundi: 71,369

Tovuti ya simu za mkononi ya TIST: Njia mpya na yenye ubunifu ya kupata taarifa kuhusu kikundi na cluster yako haraka na kwa urahisi.

TIST imeanzisha tovuti mpya- ya simu za mkononi. Tovuti hii itawezesha maelfu ya wakulima kupata taarifa kuhusu vikundi na cluster zao haraka na kwa urahisi. Itatusaidia kuwa wenye kuwajibika, wenye uwazi na sahihi tukiitumia vizuri. Sasa waweza kupata taarifa kwa mfano nambari ya miti iliyohesabiwa katika kikundi chako, katika kila shamba, wanakikundi chako, kama kikundi chako kimehitimu kulipiwa miti na kama kimelipwa hivi karibuni.

Tukitilia maanani cluster yako, utawezak kuona nambari kamilifu ya vikundi vilivyomo katika cluster yako (na unaweza kulinganisha na cluster zingine), tarehe ya mkutano unaofuata wa cluster, viongozi wa cluster yako na tarehe za uchaguzi wa mwisho. Pia, utaweza kujua jinsi cluster yako imekuwa ikitumia pesa za bajeti ya cluster kila mwezi.

Hatua za kuchukuwa ili kuingia katika tovuti hii ya simu za mkononi

Kuna njia mbili za kuingia katika tovuti hii. Kama wewe ni mwanaTIST na umepewa anuani ya barua pepe, waweza kuingia ukitumia nenosiri. Kuingia hivi kutakuwezesha kuona taarifa zaidi. Kama hauna anuani ya barua pepe ya TIST, waweza kuingia kama mgeni. Waweza kuingia katika tovuti hii ukitumia simu yako kama yaweza kuingia kwa mtandao ama katika maduka yenye mtandao.

Wahesabu miti wa TIST wameulizwa kuwa katika mikutano yote ya cluster kufunza na kusaidia katika mambo mengine. Wameulizwa kuleta vifaa vyao vinavyoitwa Palm wakati wa mikutano ya cluster na wanacluster wanaweza kuona taarifa kuvihusu vikundi na cluster yao au kuhusu mradi wa TIST wanapokuwa mkutanoni.

Hapa ni hatua za kufuatilia

1. Nenda kwa www.tist.org/mobile
2. Kama una anuani ya barua pepe, ingia ukitumia anuani yako ya TIST na nenosiri.

3. Kama hauna anuani ya TIST, waweza kuingia kama mgeni. Andika jina lako na kampuni halafu chagua "log in". kampuni yaweza kuwa jina la kikundi chako.
4. Utaelekezwa ukurasa mwingine. Hapo juu, utapata "Cluster", "Groups", "groves" na "Log out"
5. Kama unataka kuangalia cluster, chagua "cluster", utaelekewa ukurasa unaoonyesha maeneo ya mradi wa TIST duniani. Chagua na uguze mahali unapotaka (kwa mfano, Meru). Kutoka hapa utaelekezwa katika ukurasa mwingine ambapo utapata majina ya cluster zilizopo Meru (ama eneo lingine lolote ulilochagua) pamoja na nambari ya vikundi na miti na tarehe za mkutano unaofuata pamoja na tarehe za uchaguzi wa mwisho.
6. Chagua cluster yako (kwa mfano, Ciakanyinga), ukurasa mpya utafunguka na utaona majina ya vikundi vidogo, nambari zao za TIST, nambari ya miti na tarehe ya mwisho ya kuhesabiwa miti.
7. Chagua kikundi chako, (kwa mfano TARADA). Utaelekezwa ukurasa mpya. Utapata habari kuhusu kikundi hiki, pamoja na kama wamehitimu kulipwa na kama kikundi kimehitimisha yanayotakikana ili kuingia katika soko la hewa chafu.

Kufikia gazeti za Mazingira Bora zilizopita

1. Enda kwa www.tist.org
2. Bonyeza tufuti uliopewa. Chagua gazeti la Kenya.
3. Utaelekezwa kwa ukulasa ufuatao. Unaweza kuchagua mwezi uliopita kwa kuibonyeza.
4. Kwa mfano, ukifikilia kuchagua mwezi wa Novemba 2015, bonyeza kwa hiyo mwezi na itafunguka gazeti la mwezi huo.
